MRS. SNYDER IN TOMBS.

NEW YORK, April 10.—Mrs. W. J. Snyder, wife of the editor of Sports of the Times, who died yesterday from stab wounds inflicted by seismors in her hands, was arraigned before the coroner today and sent to the Tombs, to be held without bail, pending the inquest April 18. Mrs. Snyder declares her husband inflicted the wounds himself by seizing her hands while she was manicuring her nails and drawing her violently to him. They were quarreling at the time, she says.

FIRST APPLICATION DARKENS THE HAIR

A Simple Remedy Gives Color, STRENGTH AND BEAUTY TO THE HAIR.

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hair will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean wholesome dressing which may be used at any time with perfect safety.

Get a fifty-cent bottle from your druggist today, and see how quickly it will restore the youthful color and beauty of your hair and forever end the nasty dandruff, hot, itchy scalp and falling hair. All druggists sell it under guarantee that the money will be refunded if you are not satisfied after fair trial.

JEFFERSONIANS TO BANQUET AT CITY OF RENO

NEVADA DEMOCRATS TO HOLD LOVE FEAST AT THE THOMAS ON APRIL 13TH.

RENO, Nev., April 11.—Nevada democrats, Clark, Wilson and Harmon men alike, will convene at the Thomas cafe in this city on the evening of April 13th and will at that time discuss political affairs. It will be a Jeffersonian banquet and some of the leading democrats of the state have been called upon to respond to toasts. Even though the campaign may be bitter following the banquet the democratic party may split up into factions, an effort will be made at this love feast to bring the disunited hosts together and to have them kiss and make up just for once. The banquet will be preceded by the meeting of the state central committee. From the list of speakers it would

appear that the democrats intended to make it an all night session. Among those scheduled to speak are: Ex-Congressman Geo. A. Bartlett, "Today's Duty of a Jeffersonian Democrat;" Lieut. Gov. Gilbert Ross, "Harmony;" District Attorney J. A. Sanders, Tonopah, "Justice;" Patrick Carney, Goldfield, "The Recall;" H. A. Harmon, Clark, "Clark County Democracy;" District Attorney E. E. Elaine of Elko, "Elko County Democracy;" ex-Gov. D. S. Dickerson, "Democracy as Expounded by Jefferson;" Key Pittman, "Labor and Democracy;" Clay Tallman, "The Organization." The following will speak on unassigned subjects: Justice Jas. G. Sweeney, A. A. Heer, P. A. McCarran, Geo. Thatcher, E. A. P. Johnson, H. R. Cooke and a number of other prominent democrats.

HAS APPENDICITIS.

District Attorney Woodburn of Washoe county, is ill with a slight attack of appendicitis. It is not thought that an operation will be necessary at this time.

THE CONSOLIDATED GOLD MOUNTAIN TONOPAH MINING COMPANY

Is Incorporated Under the Laws of Nevada for 1,000,000 Shares, at a par Value of \$1.00, 500,000 Shares of Which is In the Treasury.

Owens (23) full mining claims and has (2780) feet of shaft and drift work done.

Has (1) sixteen horse-power engine, engine-house, (2) gallowa-frames, one (28) feet high and one (26) feet high. Boarding-house (16x26) with an ell (14x14), frame building, all painted and papered, all in good order and furnished. One galvanized iron blacksmith-shop (12x18) equipped with tools, also (2) Denver whips, in good order, with buckets, cars and all the mining tools necessary. Air pipes, gongs, etc.

Have done all this development with the use of the whips and have just acquired the engine and incorporated, to enable us to get down deeper.

Have made (2) shipments of ore and have also ground out (\$217.00) with an arrastra by horse-power. Have assays all the way from (\$5.00) to (\$1297.80). There are several claims developed so we can take out shipping ore, but are not deep enough to work to advantage. We have (4) men on the pay-roll at present, which will be increased as fast as our treasury will permit.

The company does not owe a dollar to any one. Every dollar received will be used for deeper development. We have no salaried officers. We are all working men ourselves and have developed, prospected and mined on this property for (7) years and think we know it fairly well now.

We offer the first fifty thousand shares at ten cents per share; the next fifty thousand will be fifteen cents per share and so on, but hope we will not need to sell over two hundred thousand shares, as we will be taking out ore all the time and do not know how soon we may be in a good body of it. It costs only (\$7.00) per ton transportation from here to Salt Lake smelter or Kennet, California.

The Big Butte Claim has a shaft down (420) feet and in a stringer or ore all the way, is an incline shaft, dips to the north. We have just bought this property whereby we got an engine and hoist to move onto the Johnston Claim, but we have discovered that the ore vein proper on the Big Butte lays (100) feet north of the present shaft and can get (\$9.65) and (\$10.00) assays at a depth of (6) and (8) feet. On the new discovery it is now our intention to cross-cut north from the (420) foot level of the shaft before removing the engine, as there is (5) feet of ledge at the surface where we got the above assays. The Spokane has a shaft down (60) feet on the same vein of the Big Butte. The Johnston Claim has a shaft down (270) feet. We have (200) feet of drift and silver in this shaft. Have shipped ore out assaying (\$118.00), (96) ounces silver; also another shaft (65) feet assaying (\$75.00) all the way down and is as verticle as a plumb-line. The Well Claim has a (30) foot shaft, small but carries good free values in gold. The Gavin has a (25) foot shaft and good values. The Wilmington Claim has a shaft (390) feet and (200) feet of drift and stopes, is a sulphide ore and have taken out ore and shipped from (\$5.00) per ton to (\$632.00) in gold. Can not operate it longer until we get power and a hoist. The Mutual Claim has a shaft down (130) feet, has (200) feet of crosscut and (300) feet of drifting; has (2) well-defined veins (4) to (6) inches, average values about (\$20.00). The Last Chance Claim has a shaft about (65) feet, is a stringer of about (1) inch, assays (\$150.06) gold. We have had as high in silver as (125½) ounces and (\$34.40) in gold from some of those workings so that we are not uneasy about the veins not going down. The Belmont mine is a proof of that in this camp.

We have the Tonopah & Goldfield Telephone and Telegraph lines crossing over the east end of this group. Also the automobile and wagon roads. The California & Nevada Electric Power and Telephone lines into this city cross the west end of our group, so we are highly favored with opportunities.

Tonopah, Nevada, February 26, 1912.

GAVIN JOHNSTON, P. O. Box 646,
President and Director.
J. E. JOHNSON, P. O. Box 821,
Secretary, Treasurer and Director.
CHARLES M. JOHNSON,
Vice-President and Director.

A STORY OF FAITH JUSTIFIED

One of the intensely interesting stories in connection with the camp of High Grade is that concerning Schauer, of Schauer & Laughlin, the original owners of the famed Sunshine property.

There are a number of brothers in the Schauer family, all of whom, with the exception of one, are in the mercantile business at Loveland, Colo. These brothers have for several years divided the profits of their mercantile business so that a certain part was allotted to the one brother who is now in High Grade.

This brother, supported in the manner stated, has spent his time in the mining regions, prospecting for likely properties or operating properties which have been secured by location or by purchase.

The faith reposed in the ability of the mining man to pick out properties of value has been amply justified. In example, it is stated he was sent to examine a certain property in Boulder county. The owners of this property had sunk a shaft straight down for several hundred feet, without striking any ore of value.

Examination proved that this shaft had followed alongside the ore, and it did not take long to find out the real worth of the property. Again, it is stated that he is the original discoverer of tonksten ore in the Breckenridge district of this state.

When the camp of High Grade came to notice, this brother was sent out there, and in partnership with C. Laughlin, known as the "lucky prospector," opened rich ore in the Sunshine. It is quietly stated that they have something even better than the Sunshine on which they are now devoting their attention, since their sale of the Sunshine.

These are the men who are doing so much to bring High Grade to notice as the greatest camp opened in many years.

WILL BE FILLED.

Will F. Hoffman, state senator from Goldfield, has opened brokerage offices in Reno and will receive daily quotations from all Nevada stocks.

BANK RECEIVER FRANK WILDES WEDS DIVORCEE

CARSON CITY BANKER MARRIED OAKLAND HEIRESS AN HOUR AFTER FINAL DECREE.

San Francisco papers contain an account of the marriage of Frank L. Wildes, for several years receiver of the State Bank and Trust company at Carson, and Bertha A. Sneathen, who obtained a final divorce decree from her husband, Wm. B. Sneathen, in Oakland last Saturday.

Mrs. Sneathen, after some litigation, recently obtained \$50,000 as a share in the estate of her father, Frederick Senram.

Wildes was divorced several months ago. The present Mrs. Wildes has several children by her first husband.

WILL BE FILLED.

The will of the late Mrs. Irene Broughton Maxwell was filed with County Clerk Patterson yesterday through the attorney for the estate, Sam Platt. The document is sealed and will not be opened until some date is set by Judge Langan.—Carson News.

OPHIR COMPANY SHIPS BULLION TO SELBY SMELTER

VIRGINIA CITY, April 11.—Yesterday a bar of bullion was shipped by the Ophir Silver Mining company to the Selby Smelting and Lead company from the clean-up of the last run of 2000 tons of ore from the Rinkhead mill, and the estimated value of the bar was about \$4700. The bar was composed almost entirely of gold of unusual fineness. All shipments from the run have now been made, which included, aside from the bullion, two railroad cars of concentrates, and the returns will no doubt exceed \$55,000.
